LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #2

Agenda Item: Approval of February 8, 2017 LAMTD Board of

Directors Meeting Minutes

Presenter: Marcy Harrison

Recommended

Action: Board of Directors approve the Minutes of the

February 8, 2017 LAMTD Board of Directors

Meeting.

Attachments: February 8, 2017 LAMTD Board of Directors

Meeting Minutes

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MINUTES FEBRUARY 8, 2017

Directors:

Polk County Commissioner George Lindsey III – Chairman City of Lakeland Commissioner Jim Malless – Vice Chairman City of Lakeland Commissioner Phillip Walker - Secretary Polk County Commissioner John Hall City of Lakeland Commissioner Don Selvage

Executive Director: Tom Phillips
Executive Assistant: Marcy Harrison

Call to Order

8:30 a.m. By Chairman George Lindsey III

Quorum

All Present

***GEM Award / Steven Schaible, Director of Human Resources

• John Lia and Randy Beach, LAMTD Operators

Agenda Item #1 - Approval of the Minutes

Approval request for the approval of the January 11, 2017 LAMTD Board of Director meeting minutes.

"Approval of January 11, 2017 Board of Directors Meeting Minutes"

MOTION CARRIED UNANIMOUSLY

Agenda Item #2 - Public Comments

None at this time

Agenda Item #3 - Finances / David Persaud, CFO

David Persaud, CFO presented to the Board the items listed below:

a) LAMTD Financials

FY 2016-2017

Year to Date December 31, 2016

Description	YTD of FY Budget	YTD Budget \$	YTD Actual \$	YTD of FY Expended	Annual Budget
Revenue YTD	25%	\$2,600,903	\$3,908,638	29%	\$10.4 Million
Expenses YTD	25%	\$2,540,123	\$1,945,565	77%	\$10.4 Million

REVENUES:

The total revenues realized year-to-date through December 31, 2016 totaled \$3.9 million or 50% of the YTD budget.

Farebox and all contract revenues reflect 11% over budgeted revenues through December 31, 2016. Farebox revenues are under budget \$49,000 due to decline in ridership and some comingling of revenue that is being addressed.

• Ad Valorem taxes reflect \$3.3 million. The total budgeted revenues are \$3.9 million. Revenues are over budget since only 95% of the taxes are budgeted and due date is November 2016.

Property taxes become due and payable on November 1st, each year. Discounts for early payments are as follows:

- ➤ 4% discount is allowed if paid by November
- > 3% discount is allowed if paid by December
- 2% discount is allowed if paid by January
- ➤ 1% discount is allowed if paid by February

Taxes become delinquent on April 1st of each year. The District normally receives 90% of property taxes by May of each year.

- Florida DOT operating grants \$1.6 million is being billed quarterly with no revenue YTD. These grants are on a cash basis which mean the services must be provided before we receive grant assistance.
- FTA Section 5307 operating and capital grants budgeted at \$2.6 million with no revenue YTD. This grant is also
 on a cash basis which means that the District must expend the funds before we seek grant reimbursement.
 Since most of the grant funding is used for operations and preventative maintenance the grant reimbursement
 is received at the end of the fiscal year after State funds are recognized.
- Advertising income is also lagging at \$18,197 but should improve.
- The Support cost reimbursement revenue is in line with budget.
- The other revenues are showing a lag due to timing and being on a cash basis.

Monthly Financial Report Operating Budget. Budget to Actual For the Year-to-date December 31, 2016 FY 2016-2017

EXPENSES:

The total expenses year-to-date through December 31, 2016 totaled \$1.95 million or 77% of the YTD budget.

- Salaries and benefits represent 65% of the FY 2016-2017 YTD budget. As of December 31, 2016 these expenses totaled \$1.3 million or 79% of the YTD budget of \$1.6 million and is under budget.
- Professional and Technical Services expenses totaled \$45,000 of the YTD budget; a favorable variance.
- Other services expenses totaled \$24,000 of the YTD budget, over budget due to one-time expense.
- Fuel expenses totaled \$135,000 YTD budget due to declining fuel prices; a favorable variance.
- Materials and supplies totaled \$151,000 under budget, a favorable variance.
- Advertising promotion expenses totaled \$5,600 over budget, offset with revenues.
- Dues and subscriptions, and office supplies are over budget due to payment for Florida Public Transportation.
- Property appraiser, Tax Collector Commission and CRA payments under budget, since payments are quarterly and annually.

Other remaining expenses are under the YTD budget through December 31, 2016

CHANGE IN FINANCIAL CONDITION

Based on the year-to-date budget-to-actual variances through December 31st the financials reflect a favorable actual variance of \$1.96 million due to the collection of property taxes.

For Fiscal Year 2014-2015 the LAMTD paid the City of Lakeland Redevelopment Trust Fund (CRA) for tax year 2014 \$114,461. Each fiscal year the District includes a budget for this obligation.

For FY 2015-2016 Tax Year 2015 the payment is \$139,135 or \$24,674 and 21.56 percent increase for FY 2016-17 the amount is \$160,948 or 16% increase.

The payments	are for	Tax I	Increment	Districts
--------------	---------	-------	-----------	-----------

District	2014	2015	Change	2016	Change
Downtown District 48 & 49	\$37,736	\$40,986	8.6%	\$46,156	13%
Dixieland District	\$6,903	\$7,441	7.8%	\$8,876	19%
Midtown District 55	\$69,822	\$90,708	30%	\$105,911	17%
Total	\$114,461	\$139,135	21.56%	\$160,948	16%

The payments are made annually based on the annual final Tax Rolls issued by the Polk County Property Appraiser's Office.

Chapter 163.387 (2)(b) F.S. requires that the Tax Increment payments be made to the City of Lakeland as the Community Redevelopment Agency.

Agenda Item #4 - Call Center / Marcia Roberson, RMCC Director

Marcia Roberson presented and requested approval for the District's Title VI Compliance Plan.

As part of the DOT regulations (70 FR 74087, December 14, 2005) and the FTA requirements, LAMTD is as well committed to meeting the requirement to take reasonable steps to ensure meaningful access to benefits, services, information, and other important portions of their programs and activities for individuals who are limited-English proficient (LEP) and minority population.

LAMTD is a direct recipient of Federal Transit Administration funds and operates in Lakeland Urbanized Area with a population of 262,596 according to the 2010 U.S. Census Bureau. LAMTD is also contracted to operate the Polk County Transit Services, located in the Winter Haven Urbanized Area with a population of 201,289, according to the 2010 U.S. Census Bureau. Including both transit systems, LAMTD operates less than 50 fixed route vehicles in peak service. LAMTD is submitting this updated report to the Federal Transit Administration to demonstrate that it complies with the non-discrimination clause of Title VI and complies with the regulations that were set forth in FTA Circular C 4702.1B. This report covers the existing conditions of the operations of LAMTD between October 1, 2013 and September 30, 2016, and is being submitted prior to the deadline of April 1, 2017 as set forth in the letter of March 3, 2014 from the Regional Civil Rights Officer.

During the reporting period, LAMTD has only filed applications for financial assistance from the Federal Transit Administration. No applications for such assistance have been made with any other Federal agencies.

"Approval of the District's Title VI Compliance Plan"

MOTION CARRIED UNANIMOUSLY

Agenda Item #5 - Human Resources / Steve Schaible

Steve Schaible presented to the Board the items listed below:

a) Flex Spending

The District will be adding a Flexible Spending Account to its employees at a minimal cost of approximately \$3.00 per employee. This new benefit can be used for a variety of out-of-pocket health care expenses as well as improve our benefits package for staff recruitment. The FSA will launch this March with a benefit of \$1,500 per employee and upon the start of a new year, the full amount of \$2,600 per employee will become available for those that choose to participate.

b) Safety Committee Credit

The Florida Municipal Insurance Trust has certified that as long as Citrus Connection maintains an active safety and health workplace program, it will qualify for a premium safety credit. The key elements necessary to are:

- 1. Management Commitment to Safety (Written safety policy)
- 2. Safety Committee (Written safety committee minutes)
- 3. Safety and Health and Training (Documentation of specific training)
- 4. Safety Rules, Policy and Procedures Requirements (Safety Manual)
- 5. Accident Prevention (Self Inspections)
- 6. First-Aid Procedures (Update first aid supplies/training)
- 7. Record Keeping (Written accident investigation data, etc.)

The District has agreed to provide the FMIT Risk Control Representative full access on request, towards verification of your ongoing safety efforts. The safety and health records will be maintained at a single location and be easily accessible to the FMIT Risk Control Representative at any time. The District agrees to comply, in a timely manner, with all safety and health recommendations made by the Risk Control Representative.

c) SSPP and SPP - Paul Simms, Training/Professional Development Manager, presented and requested to the Board approval of the SSPP and SPP for Citrus Connection.

Annually, the District is required to update the System Safety Program Plan (SSPP). The 2017 update describes the functions and responsibilities required to implement and maintain a high level of safety at the Citrus Connection. The SSPP provides a means for improving communications, documentation, and coordination within the entire system. It contributes to employees' safety knowledge in order to reduce injuries, property damage, and delays in service. The SSPP applies to all areas of the transit system, including: facility design; administration; equipment procurement; operations; and maintenance.

Attachments:The SPP has been adopted separately from the SSPP. Bus transit systems are prohibited by Section 119.071(3) (2), Florida Statutes, from publicly disclosing the SPP, as applicable under any circumstance. The document is maintained in a secure location by the management and access to the document is restricted to select agency personnel and appropriate FDOT personnel exercising oversight in this area. On-site access to the SPP is granted to regulatory authorities (FDOT, FTA, etc.) on as-needed basis.

Agenda Item #6 – Executive Report	/ Executive Report
-----------------------------------	--------------------

Tom Phillips, ED presented to the Board the items below.

- a) Activity Calendar (Calendar in Board Packet)
- b) UAP & Ridership Report (Report in Board Packet)
- c) District Update -
 - The District has notified the City of Lakeland that the District is interested in leasing the current Lakeland Chamber of Commerce Building once available.
 - COLTS program has been implemented in Hillsborough County and being monitored by other Florida counties to be incorporate in their transit services.
 - The District met with HART regarding bus stops on Countyline Road and they have agreed to install the stop signage posts to assist in the new service. Citrus Connection Route 45 will be linked with this new service and we will be the first transit organization to infiltrate into Hillsborough County.

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #3(a)

Agenda Item: January 31, 2017 LAMTD Monthly Financial Statement

FY 2016-17

Presenter: David Persaud, Chief Financial Officer

Recommended

Action: None

Summary: The Interim Financial Statement covers a period of less than

one year. The report is used to convey the performance of the District's financial position and budget comparisons – budget to actual on a year-to-date basis. Unlike annual financial

statements, Interim Statements do not have to be audited.

Interim financial statements increase communication between the District Board of Directors, management and the public to provide up-to-date financial information and compliance with

the budget.

Attachments: See Attachments

Lakeland Area Mass Transit District Monthly Financial Report Operating Budget. Budget to Actual For the Year-to-date January 31, 2017 FY 2016-2017

Year to Date January 31, 2017

Description	YTD of FY Budget	YTD Budget \$	YTD Actual \$	YTD of FY Expended	Annual Budget
Revenue YTD	33%	\$3,467,870	\$4,266,477	123%	\$10.4 Million
Expenses YTD	33%	\$3,386,830	\$2,829,985	84%	\$10.4 Million

REVENUES:

The total revenues realized year-to-date through January 31, 2017 totaled \$4.3 million or 123% of the YTD budget.

Farebox and all contract revenues reflect 5% over budgeted revenues through January 31, 2017. Farebox revenues are under budget \$67,000 due to decline in ridership and some comingling of revenue that is being addressed.

• Ad Valorem taxes reflect \$3.5 million. The total budgeted revenues are \$3.9 million. Revenues are over budget since only 95% of the taxes are budgeted and due date is November 2016.

Property taxes become due and payable on November 1st, each year. Discounts for early payments are as follows:

- ➤ 4% discount is allowed if paid by November
- > 3% discount is allowed if paid by December
- > 2% discount is allowed if paid by January
- ➤ 1% discount is allowed if paid by February

Taxes become delinquent on April 1st of each year. The District normally receives 90% of property taxes by May of each year.

- Florida DOT operating grants \$1.6 million is being billed quarterly with no revenue YTD. These grants are on a cash basis which mean the services must be provided before we receive grant assistance.
- FTA Section 5307 operating and capital grants budgeted at \$2.6 million with \$41,200 revenue YTD. This grant is also on a cash basis which means that the District must expend the funds before we seek grant reimbursement. Since most of the grant funding is used for operations and preventative maintenance the grant reimbursement is received at the end of the fiscal year after State funds are recognized.
- Advertising income is also lagging at \$23,000 but should improve as payments are realized.
- The Support cost reimbursement revenue is in line with budget.
- The other revenues are showing a lag due to timing and being on a cash basis.

Lakeland Area Mass Transit District Monthly Financial Report Operating Budget. Budget to Actual For the Year-to-date January 31, 2017 FY 2016-2017

EXPENSES:

The total expenses year-to-date through January 31, 2017 totaled \$2.8 million or 84% of the YTD budget.

- Salaries and benefits represent 65% of the FY 2016-2017 YTD budget. As of January 31, 2017 these expenses totaled \$1.844 million or 83% of the YTD budget of \$2.2 million and is under budget.
- Professional and Technical Services expenses totaled \$57,000 of the YTD budget; a favorable variance.
- Other services expenses totaled \$33,000 of the YTD budget, over budget due to cost for temporary employees in Finance- budgeted in salaries account.
- Fuel expenses totaled \$166,000 YTD budget due to declining fuel prices; a favorable variance.
- Materials and supplies totaled \$201,000 under budget, a favorable variance.
- Advertising promotion expenses totaled \$6,300 over budget, offset with advertising revenues.
- Dues and subscriptions, and office supplies are over budget due to payment for Florida Public Transportation.
- Property appraiser, Tax Collector Commission and CRA payments under budget, since payments are quarterly and annually.

Other remaining expenses are under the YTD budget through January 31, 2017

CHANGE IN FINANCIAL CONDITION

Based on the year-to-date budget-to-actual variances through January 31st the financials reflect a favorable actual variance of \$1.4 million due to the collection of property taxes.

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #3(b)

Agenda Item: January 31, 2017 Financials for Polk County Transit Services

Contract - FY 2016-17

Presenter: David Persaud, Chief Financial Officer

Recommended

Action: None

Summary: The Interim Financial Statement covers a period of less than

one year. The report is used to convey the performance of the District's financial position and budget comparisons – budget to actual on a year-to-date basis. Unlike annual financial

statements, Interim Statements do not have to be audited.

Interim financial statements increase communication between the District Board of Directors, management and the public to provide up-to-date financial information and compliance with

the budget.

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #4(a)

Agenda Item: Review of the 2016 CTC Evaluation Report

Presenter: Aaron Dunn, Para Transit Manager

Recommended

Action: Review CTC Evaluation

Summary: On April 1st 2016 the Citrus Connection officially assumed the

state Commission for the Transportation Disadvantaged (CTD) appointment as the Community Transportation Coordinator

(CTC). Each year, with the coordination of the Polk Transportation Planning Office (TPO) and the Local Coordinating Board (LCB), the designated Community

Transportation Coordinator (CTC) is evaluated on state-

mandated, LCB derived criteria. During the 2nd Quarterly Local

Coordinating Board (LCB) meeting, a favorable CTC

evaluation was submitted and approved.

The CTC is responsible for the TD program with the following responsibilities:

- I. Plan, administer, monitor, coordinate, arrange, and deliver coordinated Transportation Disadvantaged services originating in their designated service area
 - a) Operate centralized call center
 - b) Determine trip eligibility
 - c) Schedule trips
 - d) Perform gatekeeping duties
 - e) Invoice purchasing agencies
- II. The CTC is evaluated for performance in the following categories:
 - a) Total TD population served
 - b) Percentage of trips on fixed-route (bus passes)
 - c) Average cost per trip
 - d) Average cost per paratransit trip

AGENDA ITEM # – CONT.

- e) Accidents per 100,000 vehicle miles
- f) Vehicle miles between road calls
- g) Complaints per 1,000 paratransit trips

Section 1. Introduction/General Information

CTC Background

The Florida Commission for the Transportation Disadvantaged designated the Lakeland Area Mass Transit District (LAMTD) as the Community Transportation Coordinator (CTC) for Polk County effective April 1, 2016 through June 30, 2021. LAMTD operates paratransit door-to-door services, fixed-route services, as well as complementary Americans with Disabilities Act (ADA) services, in the urban and rural areas on Polk County as a partial-brokerage. LAMTD services include ambulatory and wheelchairs, with trips performed in county and out-of-county.

Pursuant to Florida Statutes, the Local Coordinating Board (LCB) evaluates the performance of the Community Transportation Coordinator (CTC), approves the CTC's annual service plan, which includes an evaluation element, and provides recommendations to the Commission for the Transportation Disadvantaged (CTD) regarding the renewal of the CTC's contract. This evaluation is for FY 2015/16 or the period July 1, 2015 to June 30, 2016. Prior to the effective date of April 1, 2016, the Polk County Board of County Commissioners served as the CTC for Polk County. Therefore, this evaluation includes data from the Polk BOCC for nine months of service and three months of data from LAMTD. Historical performance comparison data is from the FY 2015 Commission for the Transportation Disadvantaged Annual Performance Report.

The operating area of the Community Transportation Coordinator (CTC) includes all of Polk County, an area covering 2,010 square miles which makes it the fourth largest county in Florida. The 2016 population was estimated at 626,787. There are two urbanized areas (Lakeland and Winter Haven) centrally located within its borders, with both areas exceeding 200,000 population according to the 2010 Census, making it the ninth largest populous area within the State of Florida. Fixed route bus service is available in the Lakeland and Winter Haven urbanized areas and intercity flex route service on routes serving rural areas which include Poinciana and smaller cities in the county.

During the FY 2015/16 evaluation period, service was provided in the Polk County Coordinated system by the Lakeland Area Mass Transit District through a contract with the Polk County Board of County Commissioners, who was the CTC for Polk County through March 31, 2016. The CTC has eight coordination agreements in place with various non-profit organizations throughout Polk County.

Non-sponsored (Transportation Disadvantaged) riders must contact the CTC to arrange transportation. The CTC verifies trip requests and assigns trips to vehicles based on input from the CTC's automated scheduling/dispatching system.

FY 2015/2016 Evaluation Related Highlights

- The 2015/16 Annual Operating Report was submitted on time.
- The Regional Mobility Call Center which consolidated customer service and dispatch for Polk County Transit Services, Winter Haven Area Transit and the

Lakeland Area Mass Transit District in Lakeland continues to be a benefit for TD riders. This center was funded through a Veteran's Initiative grant.

Summary of CTC Operations

Coordination

The CTC operates a Regional Mobility Call Center for assessing the mobility needs of the transportation disadvantaged to provide services through all modes and areas for Polk County residents. The CTC uses eligibility criteria to determine needs and eligibility. TD trip purposes are prioritized annually based on the available funding and the areas of most need. Additionally, the CTC has coordinated with two non-profit volunteer agencies to share resources and have the agencies utilize the Trapeze database for reporting and tracking purposes.

Competition

The CTC uses Request for Qualifications/Request for Proposals to respond to operators interested in providing transportation within the coordinated system. There was a Request for Qualifications/Request for Proposals conducted in FY 2015/2016 by LAMTD. The RFQ/P was released to solicit interested parties for new transportation operators under the coordinated system. Only one response was received from ElderPoint Ministries, who has a current coordination agreement with the CTC.

Quality

The CTC was monitored regularly by the Polk County Social Services monitoring unit, which is independent to the Transit Services Division, to help ensure the qualitative aspects of the system (complaints, safety, vehicle maintenance, drug and alcohol compliance, risk management, etc.) are maintained. The Monitoring report for LAMTD during the evaluation period is attached to this report.

Training

System standards for training are outlined in each contract between the CTC and each provider or agency.

Unmet Needs

Evaluation of unmet needs to be reviewed on a regular basis, including trip denials. This is due to the fact that approximately \$140,000 was left at the end of the grant cycle, an indicator that the CTC could have performed more trips in 2015/16. This will be included in the recommendations of the CTC evaluation committee, and will be monitored to ensure that the TD population is being well served.

Service Hours

Telephone reservations may be made from 8:00 a.m. to 5:00 p.m. on weekdays, and 8:00 a.m. – 3:00 p.m. on Saturdays. No Sunday service. Reservations are to be made a minimum of 72 hours in advance and may be made up to 7 days in advance.

Accountability

The CTC reports on performance measures at each LCB meeting. The CTC's comprehensive transportation management software system has increased information management and reporting capabilities, and it is recommended that the CTC management and staff get the necessary training to better utilize the data from Trapeze for service planning and coordination purposes.

Cost Effectiveness

The CTC attempts to controls costs by dictating a maximum per mile allowable limit. Instead of selecting operators through a bid process, the CTC has been using a Request for Qualifications, setting rules, procedures and limits to which providers must agree before contract execution.

Area of Noncompliance: None

Recommendation: CTC management and staff get the necessary training to better utilize the data from Trapeze for service planning and coordination purposes. With the funding amount left on the table at the end of FY 2016, perhaps the CTC should consider asking the LCB to open up trip priorities for TD eligible clients.

Timeline for Compliance: This area will be reviewed for improvements during the next CTC evaluation cycle.

Section 2. Performance Measures

Transportation Disadvantaged Program Goals

The Polk County Transportation Disadvantaged Service Plan (TDSP) identifies the following five goals of the local Transportation Disadvantaged (TD) program:

- Goal 1. Enhance the availability of transportation services to meet the mobility needs of transportation disadvantaged person.
- Goal 2. Provide transportation disadvantaged services in a cost-effective and efficient manner.
- Goal 3. Improve public awareness of the Transportation Disadvantaged program.
- Goal 4. Provide transportation services in a safe and reliable manner.
- Goal 5. Ensure program accountability by collecting and reporting system and provider data in an accurate and timely manner.

Those goals and corresponding objectives and policies help guide the annual evaluation of the CTC by through a set of performance measures. The following performance measures are tracked annually by the Local Coordinating Board:

- Serve at least 9% of the potential TD population.
- Perform at least 25% of trips on the fixed-route system.
- Keep the average cost per trip below \$19.00.
- Keep the average cost per paratransit trip below \$29.00.
- Maintain a 90% or better on-time performance.
- Receive no more than 2 complaints per 1,000 trips.
- Do not exceed more than 1.0 accident per 100,000 miles of service.
- Obtain at least 30,000 vehicle miles between maintenance road calls.

Performance Measure Outcomes

The following highlights are based on data reported by the FY 2015/16 CTC Annual Operating Report. Statewide totals and data reported for other counties are drawn from the Commission for the Transportation Disadvantaged's published 2015 Annual Performance Report. Performance measure data can be found in tables 1 through 6 of this section.

• **Decrease in the percent of TD population transported.** 5.83% of all those in Polk County determined to qualify for a Transportation Disadvantaged service were served by the program in 2016 – down from 6.5% in 2015 which is below the goal of serving at least 9%. This decline is attributed to the loss of Medicaid trips and the transition of the CTC operations from the Polk County Board of County Commissioners to LAMTD.

- o **Decrease in passengers served.** Total passengers served in 2016 (13,409) decreased from 2015 (15,827). This decrease is attributed to the changes in the Medicaid program along with changes in agency coordination agreements during the year.
- o **Number of total trips increased.** Total reported trips were up from 392,509 to 477,313, or 21%.
- o **The number of reported fixed route trips increased**. Fixed route trips were up from 200,738 to 294,268, representing a 44% increase.
- o **The number of paratransit trips decreased slightly.** These trips were down by 2% from 191,771 to 183,045. The School Board did not report any trips for 2016.
- **Expense per passenger trip decreased.** Expense per passenger trip decreased from \$18.51 to \$17.25, which is a 7% decrease.
 - **Expense per paratransit trip increased.** The expense per paratransit trip increased from \$37.87 to \$44.99.
 - o **Expense per vehicle mile increased.** The expense per vehicle mile increased from \$3.50 to \$5.52.
 - o **Expense per driver hour increased.** The expense per driver hour increased slightly from \$34.84 to \$37.93.
- Vehicle miles between road calls did not meet the set goal of 30,000 miles. The CTC reported 15,650 vehicle miles between road calls in 2016, up from the 11,028 miles reported in 2015. This continues to be a concern of the CTC Evaluation Committee and will be monitored closely as the transition of vehicle maintenance is shifted from the County to Citrus Connection in Lakeland.
- Accidents in 2016 increased slightly. 16 chargeable accidents were reported for 2016, which account for an average of 1.07 accidents per 100,000 miles. This is an increase from 2015.
- **Number of complaints remains low.** The CTC received .0005 complaints per 1,000 paratransit trips in 2016 staying well below the goal of less than 2 per 1,000 paratransit trips. A total of 26 complaints were reported for 2015. Each complaint is investigated and processed internally to determine the source of the problem for a prompt resolution which resulted in no grievances being filed in the past year.

Evaluation Committee Recommendations and Observations

An evaluation committee consisting of Polk TPO staff and members of the Local Coordinating Board met twice to discuss the performance measure outcomes for FY 2015/16. The following recommendations are made to help improve performance over the next fiscal year. Progress towards those recommendations will be measured during the FY 2016/2017 CTC evaluation.

- ➤ Due to the consolidation and changes in the Polk CTC, the committee did not recommend any changes to the CTC's goals, objectives, policies, or performance measures for 2016. However, they stated that the LCB will continue to monitor the performance measures that did not meet the goals, especially in the area of vehicle and equipment maintenance.
- ➤ The CTC Evaluation Committee voiced deep concern regarding the \$139,525.31 that was left on the table at year end of the grant. Unmet trip requests totaled 1,208 with 1,174 being due to lack of capacity issues. This area needs to be closely monitored in the upcoming year to ensure that the TD population is served adequately throughout Polk County.
- ➤ During the evaluation process, TPO staff observed that CTC staff is in need of additional training in using the Trapeze software, specifically in the reporting area. The database contains information of the location of the TD population throughout Polk County, which can be very useful in effectively coordinating transit services between the paratransit and fixed-route services offered by the CTC.
- ➤ During the evaluation process, TPO staff observed that the CTC is in dire need of a TD Coordinator; a person who can go out into the community to coordinate transportation services with the public, the hospitals, the dialysis centers, and manage the TD program overall. This is critical to the success of the TD program in order to identify the unmet needs in the community and implement services to transport individuals.

Table 1. Trip Cost by Expense Category – All Trips

	FY 2014/2015	4/2015	FY 2015/2016	5/2016	% Change in

1. Peer Counties: Brevard, Lee, and Volusia.

2. Statewide average includes Miami-Dade, which because they account for 71% of all CTC fixed route trips provided statewide and 86% of Miami-Dade's total CTC trips were reported as fixed-route trips. For these reasons, data for Miami-Dade may distort statewide averages.

Table 3. Peer Comparative Data

Characteristics ¹	Polk County	Brevard County	Lee County	Volusia County

Section 3. Compliance with Chapter 427, F.S.

Review the CTC monitoring of its contracted operators in compliance with FS 427.

WHAT TYPE OF MONITORING DOES THE CTC PERFORM ON ITS OPERATOR(S) AND COORDINATION CONTRACTORS AND HOW OFTEN IS IT CONDUCTED?

The CTC is responsible for assuring that operators and contractors are monitored at least once a year. The Polk County Board of County Commissioners has a contract monitoring process in place to evaluate the Polk County Transit Services Division, its coordination contractors and transportation operators. Contract compliance monitoring within the Polk County Coordinated System is done by an independent contract and compliance officer employed by Polk County government but not by the Transit Services Division/CTC. The monitor has been employed with government for over 17 years, extensively educated and trained in all areas of transportation, and performs monitoring and audit functions for the Florida Department of Transportation, the Federal Transit Administration, Housing and Urban Development (HUD), and many other local, state, and federal agencies. The monitoring reports that were completed during this reporting period are attached as part of the final evaluation report. Because the LAMTD is operating transportation services through a contract with the Polk County BOCC, this monitoring has continued throughout and after the transition of operations from the BOCC to LAMTD.

IS A WRITTEN REPORT ISSUED TO THE OPERATOR? Yes, as necessary.

IS THE CTC IN COMPLIANCE WITH THIS SECTION? Yes.

Review the TDSP to determine the utilization of school buses and public transportation services. Approve and coordinate the utilization of school bus and public transportation services in accordance with the TDSP.

IS THE CTC USING SCHOOL BUSES IN THE COORDINATED SYSTEM?

No. The Polk County School Board has drastically reduced its services due to their funding constraints. For FY 2015/2016 the School Board did not submit a report of trips to the CTC for inclusion in the AOR.

HOW IS THE CTC USING PUBLIC TRANSPORTATION SERVICES IN THE COORDINATED SYSTEM?

Service contracts exist with the Lakeland Area Mass Transit District (LAMTD to provide transportation for several public and private agencies. Bus passes from both fixed route systems are utilized whenever and wherever feasible to lower the cost of the trips.

IS THERE A GOAL FOR TRANSFERRING PASSENGERS FROM PARATRANSIT TO TRANSIT? Yes

IF YES, WHAT IS THE GOAL? 25% of total annual trips.

IS THE CTC IN COMPLIANCE WITH THIS REQUIREMENT?

Yes. The FY 2015/16 AOR reported that 61% of trips were provided by fixed route public transit.

Attachments to this report: Monitoring Report and Safety Compliance Reports for the following providers: Lakeland Area Mass Transit District.

Area of Noncompliance: None

Recommendation: None

Timeline for Compliance: None

Section 4. Compliance with 41-2, F.A.C.

Compliance with 41-2.006(1), Minimum Insurance Compliance Ensure compliance with the minimum liability insurance requirement of \$200,000 per person and \$300,000 per incident.

WHAT ARE THE MINIMUM LIABILITY INSURANCE REQUIREMENTS IN THE OPERATOR AND COORDINATION CONTRACTS?

The adopted TDSP standards are that the CTC shall ensure compliance with the minimum liability insurance requirement of \$200,000 per person and \$300,000 per incident, which are comparable to Section 768.28(5), Florida Statutes, limits, for all transportation services purchased or provided for the transportation disadvantaged through the CTC. The CTC will indemnify and hold harmless the Local, State, and Federal governments and their entities, departments, and the Commission from any liabilities arising out of or due to an accident or negligence on the part of the CTC and all Transportation Operators under contract to them. Any liability insurance coverage in excess of \$1 million per incident, where its cost is included in the service rate, must be approved by the Commission before its cost is included in any purchase of service contract. Documentation from the Community Transportation Coordinator must fully justify the need for the additional insurance coverage. The justification will identify the reasons for the additional coverage, the incremental cost of the additional coverage on each unit of transportation service and the estimated additional annual cost to each contracting agency/entity. The Polk County Coordinated System has established a \$300,000/combined single limit.

HOW MUCH DOES THE INSURANCE COST? \$168,311.00 for Casualty & Liability

DOES THE MINIMUM LIABILITY INSURANCE REQUIREMENTS EXCEED \$1 MILLION PER INCIDENT? No

IS THE CTC IN COMPLIANCE WITH THIS SECTION? Yes

Compliance with 42-2.011(2), Evaluating Cost-Effectiveness of Coordination Contractors and Transportation Alternatives. Contracts shall be reviewed annually by the CTC and the Coordinating Board as to the effectiveness and efficiency of the Transportation Operator or the renewal of any Coordination Contracts.

IF THE CTC HAS COORDINATION CONTRACTORS, DETERMINE THE COST-EFFECTIVENESS OF THESE CONTRACTORS.

At the time the CTC receives applications for funding under Federal Transit Administration Section 5310, the CTC reviews the reasonableness of the application and whether or not the trips could be provided by the CTC. Coordination contracts are only extended to those agencies that can provide transportation more efficiently and cost effectively. Coordination contracts are then reviewed prior to renewal. As operator contracts expire, each existing operator has an opportunity to renew their contract, based upon contract fulfillment. An evaluation of each operator is completed by determining satisfactory contract compliance.

IS THE CTC IN COMPLIANCE WITH THIS SECTION? Yes.

Area of Noncompliance: None

Recommendation: None

Timeline for Compliance: None

Section 5. Level of Competition

Table 6. Inventory of Transportation Operators in the Service Area

	Operators Available	Operators Contracted in the System
Private Non-Profit	10	8
Private For-Profit	5	0
Government	2	2
Public Transit Agency	1	1
Total	20	11

HOW MANY OF THE OPERATORS ARE COORDINATION CONTRACTORS? 8.

OF THE OPERATORS INCLUDED IN THE LOCAL COORDINATED SYSTEM, HOW MANY HAVE THE CAPABILITY OF EXPANDING CAPACITY? None (due to constrained funding).

DOES THE CTC HAVE THE ABILITY TO EXPAND? No (Lack of sufficient funding).

INDICATE THE DATE THE LATEST TRANSPORTATION OPERATOR WAS BROUGHT INTO THE SYSTEM. FY 2001.

DOES THE CTC HAVE A COMPETITIVE PROCUREMENT PROCESS? Yes.

IN THE PAST FIVE (5) YEARS, HOW MANY TIMES HAVE THE FOLLOWING METHODS BEEN USED IN SELECTION OF THE TRANSPORTATION OPERATORS?

Table 7. Transportation Operators Selection Method (Past 5 Years)

	Low bid	1	Requests for proposals
1	Requests for qualifications	1	Requests for interested parties
	Negotiation only		

WHICH OF THE METHODS WAS USED TO SELECT THE CURRENT OPERATORS?

Requests for Qualifications/Requests for Proposals are conducted as necessary unless an emergency or need arises to conduct the process earlier.

WHICH OF THE FOLLOWING ITEMS ARE INCORPORATED IN THE REVIEW AND SELECTION OF TRANSPORTATION OPERATORS FOR INCLUSION IN THE COORDINATED SYSTEM?

All of the following items are incorporated.

Table 8. Transportation Operators Selection Criteria

Χ	Capabilities of operator	Χ	Scope of Work
Х	Age of company	Χ	Safety Program
Χ	Previous experience	Χ	Capacity
Χ	Management	Χ	Training Program
Х	Qualifications of staff	Χ	Insurance

Χ	Economies of Scale	Χ	Quality
Χ	Contract Monitoring	Χ	Community Knowledge
Χ	Reporting Capabilities	Χ	Cost of the Contracting Process
Χ	Financial Strength	Χ	Price
Χ	Performance Bond	Χ	Distribution of Costs
Χ	Responsiveness to Solicitation		Other: (list)

IF A COMPETITIVE BID OR REQUEST FOR PROPOSALS HAS BEEN USED TO SELECT THE TRANSPORTATION OPERATORS, TO HOW MANY POTENTIAL OPERATORS WAS THE REQUEST DISTRIBUTED IN THE MOST RECENTLY COMPLETED PROCESS? Polk County's Purchasing Division oversees the bid process and all bids are placed on the Board of County Commissioner's website.

HOW MANY RESPONDED? 3.

THE REQUEST FOR BIDS/PROPOSALS WAS DISTRIBUTED:

X	Locally	X	Statewide	X	Nationally
					(Available via
					Website)

HAS THE CTC REVIEWED THE POSSIBILITIES OF COMPETITIVELY CONTRACTING ANY SERVICES OTHER THAN TRANSPORTATION PROVISION (SUCH AS FUEL & MAINTENANCE? Yes, this is handled through contract with the Polk County Board of County Commissioners, Fleet Maintenance Division, a member of a fuel consortium. Lakeland Area Mass Transit District performs their own fleet maintenance on vehicles which is more cost efficient due to their training, expertise, and compliance with regulations in this area.

Section 6. Level of Coordination

EVALUATE THE DEGREE OF COORDINATION OF TD TRANSPORTATION CONSIDERING BOTH THE CTC AND THE COMMUNITY AS A WHOLE.

1. HOW MANY OPERATORS ARE INCLUDED IN THE COORDINATED SYSTEM?

The CTC currently performs all of the trips within the coordinated system. They are in the process of contracting with one of their coordination agencies to assist in TD trips when necessary to meet capacity issues.

2. WITH HOW MANY AGENCIES DOES THE CTC HAVE A COORDINATION AND/OR SERVICE CONTRACT?

Eight agencies: ElderPoint Ministries, Faith In Action North Lakeland, **Noah's Ark of** Central Florida, Peace River Center, Polk Training Center for Handicapped Citizens, Southeast Christian Assemblies of God, and Wade & Coney Community Center, Alliance for Independence.

ARE THE FOLLOWING AREAS HIGHLY COORDINATED?

3. PLANNING - ARE PLANS FOR TRANSPORTING THE TD POPULATION COORDINATED?

X= Yes O No

The CTC operates the Regional Mobility Call Center (RMCC) for assessing the mobility needs of the transportation disadvantaged to provide services through all modes and areas for Polk residents. The CTC uses eligibility criteria to determine needs and eligibility. TD trip purposes are prioritized annually based on the available funding and the areas of most need. Additionally, the CTC has coordinated with two non-profit volunteer agencies to share resources and have the agencies utilize the Trapeze database for reporting and tracking purposes.

4. PUBLIC INFORMATION - IS THE INFORMATION DISTRIBUTED ABOUT TRANSPORTATION SERVICES IN THE COMMUNITY COORDINATED?

X= Yes O No

Through websites, agency networks, LCB membership and community outreach efforts. Also, the transit agencies were consolidated in Polk County, and adopted a unique, single branding for fixed route and paratransit services which creates a single, coordinated transportation system.

5. CERTIFICATION - IS THE WAY IN WHICH INDIVIDUALS ARE CERTIFIED AND REGISTERED FOR LOCAL TD TRANSPORTATION SERVICES COORDINATED?

X= Yes O No

Determination of eligibility is required. In person intake assessments are performed and required documentation is presented at the time of the interview. Self-declarations are not permitted.

6. ELIGIBILITY RECORDS - DOES A SYSTEM EXIST TO COORDINATE WHICH INDIVIDUALS ARE ELIGIBLE FOR WHICH SPECIAL TRANSPORTATION SERVICES IN THE COMMUNITY?

X= Yes O No

Trapeze software documents eligibility for various funding programs on the client information screen as well as the trip booking screen.

7. CALL INTAKE - ARE TRANSPORTATION SERVICES COORDINATED TO THE EXTENT THAT USERS CAN REACH A RESERVATIONIST ON THE FIRST CALL?

X= Yes O No

CTC utilizes an automated call distribution telecommunications system, with menu selection options for appropriately directing calls. The CTC operates a one-call, one-click call center.

8. RESERVATIONS - IS THE WAY IN WHICH RESERVATIONS ARE PLACED STANDARDIZED AND CAN A RESERVATIONISTS PREVENT DUPLICATE RESERVATIONS WITH DIFFERENT CARRIERS?

X= Yes O No

Trapeze scheduling and dispatching software is utilized by all providers in real time; pop-up features prevent duplication of trips.

9. TRIP ALLOCATION - IS THE ALLOCATION OF TRIP REQUESTS TO TRANSPORTATION PROVIDERS COORDINATED?

X= Yes O No

Trapeze scheduling and dispatching software is utilized by all providers in real time and trips are assigned based on demand, available funding, least cost or available resources.

10. SCHEDULING - IS THE ASSIGNMENT OF TRIPS TO VEHICLES COORDINATED IN SOME WAY?

X= Yes O No

Using Trapeze scheduling and administrative software.

11. TRANSPORT - ARE THE ACTUAL TRANSPORTATION SERVICE AND MODES OF TRANSPORTATION COORDINATED?

X= Yes O No

Using Trapeze scheduling and administrative software for paratransit and Trapeze fixed route modules to identify all potential modes of transportation. All intake and scheduling is done through the CTC's Regional Mobility Call Center.

12. DISPATCHING - IS THE REAL TIME COMMUNICATION AND DIRECTION OF DRIVERS COORDINATED?

X= Yes O No

Trapeze Software – Live, real time dispatching is performed, and also communicate with drivers via cell phone.

13. General Service Monitoring - Is the over-seeing of the transportation providers coordinated?

X= Yes O No

Scheduled 14-90 monitoring is performed by a Contract and Program Compliance Specialist, as previously described in this report.

14. DAILY SERVICE MONITORING - IS THE WAY IN WHICH TRIP PROBLEMS ARE RESOLVED IN REAL-TIME COORDINATED?

X= Yes O No

With Trapeze scheduling, dispatching and administrative software, daily activity is monitored by the CTC with the status of all trips being performed in the database.

15.TRIP RECONCILIATION - IS THE WAY IN WHICH ALL COMPLETED TRIPS ARE CONFIRMED FOR OFFICIAL COUNTS COORDINATED?

X= Yes O No

Trapeze reports are utilized for trip verification and reconciliation. All post processing is done by the Finance Unit. The rider is required to sign the manifest and all signatures are verified by the Finance Unit for 100% verification process.

16.BILLING - IS THE PROCESS FOR REQUESTING AND PROCESSING FARES, PAYMENTS, AND REIMBURSEMENTS COORDINATED?

X= Yes O No

All trip activity is verified and entries matched with the Trapeze database. All post-processing, invoices and reimbursements are submitted and process through the Finance Unit.

17. REPORTING - IS OPERATING INFORMATION REPORTED ACCORDING TO A SET OF STANDARD DEFINITIONS, COMPILED, AND EXAMINED?

X= Yes O No

Per the 14-90 standards, AOR and NTD requirements, and as outlined in the TDSP. Quarterly performance reports are reviewed at the LCB meetings.

18. COSTS RESOURCES - ARE COSTS, WHICH MUST BE INCURRED BY MANY OR ALL OF THE TRANSPORTATION PROVIDERS, SHARED SO AS TO REDUCE THE OVERALL COSTS OF THE COORDINATED PROGRAM?

X= Yes O No

Providers under coordination contracts are non-profit agencies and may be able to benefit from the FDOT Section 5310 Capital Assistance program.

19. INFORMATION RESOURCES - IS INFORMATION SHARED REGULARLY WITH ALL ORGANIZATIONS INVOLVED SO THAT THEY MAY HAVE A SIMILAR BASE OF KNOWLEDGE WHICH SMOOTHES SERVICE PROVISION AND INCREASES THE COORDINATION OF OTHER ELEMENTS?

X= Yes O No

Through LCB and transportation related board activities as well as through community workshops and public events. CTC contracted agencies share information through meetings which are usually scheduled on a quarterly basis.

20. OVERALL - DOES THE CTC HAVE AN APPROVED CONTRACT OR FORMAL AGREEMENT WITH ORGANIZATIONS, WHICH PROVIDE TRANSPORTATION IN THE COMMUNITY?

X= Yes O No

The CTC has coordination agreements with several non-profit agencies that have requested to be part of the coordinated system. This includes agencies that provide volunteer transportation services and not-for-profit organizations that serve disadvantaged populations.

21. HOW MANY OF THE ABOVE ELEMENTS OF TRANSPORTATION (NUMBER OF YES'S) ARE HIGHLY COORDINATED: 20

22. WHICH TRANSPORTATION OPERATORS NEED TO BE BETTER COORDINATED WHEN COMPARED TO THE OTHERS? IN WHAT WAYS?

All of the current paratransit operators have the option to be coordinated under the CTC utilizing the Trapeze scheduling and administrative software. In contrast, several of the non-profit coordination contract agencies lack the technical resources to become fully integrated with Trapeze at this time.

Coordination efforts due to the consolidation of operations under one agency continue to be very effective. With the implementation of a single phone number and the opening of a one-call, one-click regional mobility call center in May of 2013, customers now have a one-stop shop for their mobility needs.

23. OF THE AGENCIES THAT THE COORDINATOR HAS COORDINATION OR SERVICE CONTRACTS WITH, WHICH COULD BE BETTER COORDINATED, WHEN COMPARED TO THE OTHERS? IN WHAT WAYS?

The addition of more non-profit agencies to combine efforts with the lead agency, ElderPoint Ministries (Blue Bird) Volunteer Driver Program, who endeavors to reach out to other nonprofits throughout the county to provide transportation through volunteer drivers and gives additional access to services for more of the transportation disadvantaged populations. With ElderPoint's recent integration into Trapeze, this allows better tracking and reporting capabilities for data.

24. WHAT IMPROVEMENTS IN COORDINATION COULD BE PURSUED?

The CTC is currently coordinating with ElderPoint Ministries (Blue Bird) Volunteer Driver Program and VISTE in utilizing the Trapeze database. This effort needs to be continued and expanded with similar agencies countywide. Unfortunately, due to Medicaid reform and the changes brought to the coordinated system in Florida, the sharing of resources and human service agency coordination will be essential.

Attachment to this report:

CTC Self-Evaluation Report - 12/27/16

Section 7. Americans with Disabilities Act

In addition to being the CTC for Polk County, LAMTD operates the fixed-route bus services operated in the greater Winter Haven urbanized area in the eastern portion of Polk County, as well as in the Lakeland urbanized area.

This provides the opportunity to multi-load ADA passengers with TD and other passengers, which results in a more cost-effective operation. ADA services are provided for those who qualify under ADA and are within three-quarters of a mile from a bus stop in the fixed-route service area.

Area of noncompliance: None

Recommendation: None

Timeline for Compliance: None

Section 8. Bus/Van Ride

The LCB members on the CTC Evaluation Subcommittee actively participated in the onsite observation surveys of the system by riding along with the providers in providing transportation disadvantaged trips.

- ➤ During the on-site observation rides conducted by the LCB members, the following observations were made by the LCB members:
 - The first LCB member rode along on the CTC's vehicle on January 13, 2017. The first driver he encountered did not render an appropriate greeting, and could not tell if the driver was wearing the proper identification as they had on a jacket due to the weather. The driver did not check to see if they had buckled their seat belt and did not observe a sign posted on the interior for complaints/comments/commendations. However, they did note that the vehicle was clean and everything was in working order. The LCB member's second driver was very friendly, wore identification, and the vehicle was neat and clean. In both instances, the vehicle arrived on-time.
- ➤ The second LCB member conducted their on-site observation ride on January 18, 2017. They noted that the vehicle was clean and in good working order. However, they did not see the Ombudsman sign on either vehicle (2) they rode on. They observed that after picking them up on one side of town, they traveled all across town to the next pickup, and in addition, the vehicles were not multiloaded. This poses the general question of coordinating the trips in an efficient manner.
- ➤ The third LCB member's ride is pending at this time.

The completed On-Site Observation Forms are attached to this report

Areas of Noncompliance: None

Recommendations: To again inspect all vehicles to ensure the proper signage is located in a visible spot in vehicles.

Timeline for Compliance: Staff will follow-up and report back to LCB.

Section 9. Surveys

RIDER SURVEYS

The LCB Evaluation Subcommittee also conducted random telephone surveys. The survey forms are included in this report. A summary of the results are as follows:

Summary of Rider Survey

Name of Program Funding Source	Number of Trips by Program	Number of Riders /Beneficiaries Contacted by Program	Number of Riders /Beneficiarie s Experiencing a Problem	Number of Riders /Beneficiaries refused transportation within last 6 months	Rate the ride on a scale of 1 to 10 (10 being most satisfied)
CTD	4	4	0	0	10
Medicaid	0	0	0	0	0
FX RT ADA	4	4	0	0	5
Other	0	0	0	0	0
Other	0	0	0	0	0
Total	8	8	0	0	N/A

CONTRACT OPERATOR SURVEYS

The CTC had no contract operators that actually provided trips during the reporting period.

PURCHASING AGENCY SURVEYS

- Do you purchase transportation from the coordinated system?
 Purchasing Agency Polk County Community Health and Social Services;
 Polk County Elderly Services.
- Which transportation operator provides services to your clients?
 Purchasing Agency CTC vehicles
- What is the primary purpose of purchasing transportation for your clients?

Purchasing Agency – Medical, medical related, and critical life skills purposes.

 On average, how often do your clients use the transportation system?

Purchasing Agency – 5 days per week on most occasions.

 Have you had any unresolved problems with the coordinated transportation system?

Purchasing Agency – none that are unresolved; we work closely with the CTC to resolve any issues as they arise.

- What type of problems have you had with the coordinated system?
 Purchasing Agency Transition from County will increase our costs and force us to find alternative sources for the Rohr Home social outings.
- Overall, are you satisfied with the transportation you have purchased for your clients?

The Purchasing Agency – Yes for the most part.

Section 10. Follow-up of previous QAPE Review (if applicable)

It was observed by the Committee members that the vehicles used for their on-site observation ride-alongs did not contain the appropriate signage for the phone numbers to the Commission or the CTC in 2015. Because this had occurred a second time, the CTC Evaluation Committee has made a recommended a corrective action to be completed no later than May 9, 2016. The CTC reported to the LCB that this was corrected at the LCB meeting in September, 2016.

Area of Noncompliance: None

Recommendation: None

Timeline for Compliance: None

Section 11. Additional Observations

The Polk CTC continues to think "outside the box" for ways to implement innovative ideas in coordinating transportation services throughout Polk County.

While the CTC took the initial lead in the introduction of a new volunteer driver program, it is now the non-profit organization ElderPoint Ministries that has taken oversight and is the designated recipient of funds. This new program is call Blue Bird and not only helps the Polk CTC in the delivery of quality, cost-efficient transportation services for its clients, but benefits other non-profit organizations such as United Way, Viste, etc.

Section 12. Current Year Trip and Equipment Grant

The Trip and Equipment grant for Polk County ran from July 1, 2015 through June 30, 2016 in the total amount of \$1,321,387.00. All funding was originally designated for the provision of TD services. However, due to the transition from the BOCC to LAMTD effective April 1, 2016, LAMTD requested to use some funding to purchase capital equipment before the end of the grant cycle on June 30, 2016. Even so, a total of \$139,525.31 was not billed and subsequently forfeited for this funding year.

The Trip and Equipment grant for the Polk CTC for FY 2016/2017 is in the amount of \$1,378,393.00 with \$374,409.00 requested for capital and \$1,003,984.00 for transportation services.

CTC SELF-EVALUATION

LEVEL OF COORDINATION - Polk County CTC - Date:__27 Dec 2016___

Evaluate the degree of coordination of TD transportation considering both the CTC and the community as a whole.

1. How many operators are included in the coordinated system?

Lakeland Area Mass Transit District

2. With how many agencies does the CTC have a coordination and/or service contract?

<u>Eight (8)</u>

Alliance for Independence
ElderPoint Ministries
Faith in Action, N. Lakeland
Noah's Ark of Central Florida
Peace River Center
Polk Training Center
Southeast Christian Assemblies of God
Wade and Coney Community Center

Are the following areas highly coordinated?

3. Planning - Are plans for transporting the TD population coordinated?

Yes; the CTC operates a Regional Mobility Call Center for assessing the mobility needs of the transportation disadvantaged to provide services through all modes and areas for Polk residents. The CTC uses eligibility criteria to determine needs and eligibility. TD trip purposes are prioritized annually based on the available funding and the areas of most need. Additionally, the CTC has coordinated with two non-profit volunteer agencies to share resources and have the agencies utilize the Trapeze database for reporting and tracking purposes.

4. Public Information - Is the information distributed about transportation services in the community coordinated?

Yes; through websites, agency networks, LCB membership and community outreach efforts. Also, the two Transit agencies in Polk adopted a unique, single branding for fixed route and paratransit services

which creates the image of a single, coordinated transportation system (Fixed = Polk Transit Paratransit = PT Connect).

5. Certification - Is the way in which individuals are certified and registered for local TD transportation services coordinated?

Yes; determination of eligibility is required; In person intake assessments are performed and required documentation is presented at the time of the interview, as self-declarations are not permitted.

6. Eligibility Records - Does a system exist to coordinate which individuals are eligible for which special transportation services in the community?

Yes; Trapeze Client Services Database is utilized to document eligibility

7. Call Intake - Are transportation services coordinated to the extent that users can reach a reservationist on the first call?

Yes; CTC utilizes an automated call distribution telecommunications system, with menu selection options for appropriately directing calls. The CTC operates a Regional Mobility Call Center.

8. Reservations - Is the way in which reservations are placed standardized and can a reservationist prevent duplicate reservations with different carriers?

Yes; Trapeze scheduling and dispatching software is utilized by all providers in real time; pop-up features prevents duplication of trips

9. Trip Allocation - Is the allocation of trip requests to transportation providers coordinated?

Yes; Trapeze scheduling and dispatching software is utilized by all providers in real time and trips are assigned based on demand, available funding, least cost or available resources.

10. Scheduling - Is the assignment of trips to vehicles coordinated in some way?

Yes; using Trapeze Scheduling and Administrative software.

11. Transport - Are the actual transportation service and modes of transportation coordinated?

Yes; Using Trapeze Scheduling and Administrative software for paratransit and Trapeze Fixed Route modules to identify all potential modes of transport. All intake and scheduling is done through the CTC's Regional Mobility Call Center.

12. Dispatching - Is the real time communication and direction of drivers coordinated?

Yes; using Trapeze – Live, real time dispatching is performed. Contracted Operators also utilize Trapeze and communicate with drivers via cell phone.

13. General Service Monitoring - Is the over-seeing of the transportation providers coordinated?

Yes; scheduled 14-90 monitoring is performed by a Contract and Program Compliance Specialist.

14. Daily Service Monitoring - Is the way in which trip problems are resolved in real-time coordinated?

Yes; With Trapeze Scheduling, Dispatching and Administrative software, daily activity is monitored by the CTC with the status of all trips being performed in the database.

15. Trip Reconciliation - Is the way in which all completed trips are confirmed for official counts coordinated?

Yes; Trapeze reports are utilized for trip verification and reconciliation. All post processing is done by the Human Services Finance Unit.

16. Billing - Is the process for requesting and processing fares, payments, and reimbursements coordinated?

Yes; all trip activity is verified and entries matched with the Trapeze database. All post-processing, invoices and reimbursements are submitted and process through the Human Services Finance Unit.

17. Reporting - Is operating information reported according to a set of standard definitions, compiled, and examined?

Yes; per the 14-90 Standards, AOR and NTD requirements, and as outlined in the TDSP. Quarterly performance reports are reviewed at the LCB meetings.

18. Costs Resources - Are costs, which must be incurred by many or all of the transportation providers, shared so as to reduce the overall costs of the coordinated program?

Yes; - Providers under coordination contracts are non-profit agencies and may be able to benefit from the FDOT Section 5310 Capital Assistance program. Additionally, subsidized providers who transport clients into their agency programs are reimbursed at a lower, usually flat rate per trip.

19. Information Resources - Is information shared regularly with all organizations involved so that they may have a similar base of knowledge which stream-lines service provision and increases the coordination of other elements?

Yes; through LCB and transportation related board activities as well as through community workshops and public events. CTC contracted agencies share information through Operator's meetings which are usually scheduled on a quarterly basis.

20. Overall - Does the CTC have an approved contract or formal agreement with organizations, which provide transportation in the community?

Yes; The CTC has coordination agreements will several non-profit agencies that have requested to be part of the coordinated system. This includes agencies that provide volunteer transportation services and not-for-profit organizations that serve disadvantaged populations.

21. How many of the above elements of transportation (number of Yes's) are highly coordinated:

20

22. Which transportation operators need to be better coordinated when compared to the others?

All of the current paratransit operators have the option to be coordinated under the CTC utilizing the Trapeze scheduling and administrative

software. In contrast, several of the non-profit coordination contract agencies lack the technical resources to become fully integrated with Trapeze at this time.

Coordination efforts between the two public Transit agencies are very effective. With the implementation of a single phone number for both systems and the opening of a one-call, one-click regional mobility call center in May of 2013 which staffs employees representing both agencies, customers now have a one stop shop for their mobility needs

23. Of the agencies that the coordinator has coordination or service contracts with, which could be better coordinated, when compared to the others?; In what ways?

The addition of more non-profit agencies to combine efforts with the Lead Agency, ElderPoint Ministries (Blue Bird) Volunteer Driver Program, who endeavors to reach out to other nonprofits throughout the County to provide transportation through volunteer drivers and gives additional access to services for more of the transportation disadvantaged populations. With Elder point's recent integration into Trapeze, this would also give more tracking and reporting capabilities for data.

24. What improvements in coordination could be pursued?

The CTC is currently coordinating with the ElderPoint Ministries/Blue Bird Volunteer Driver Program and VISTE in utilizing the Trapeze database. This effort needs to be continued and expanded with similar agencies Countywide. With the uncertainty of Medicaid reform and anticipated changes, the sharing of resources and human service agency coordination will be essential.

Monitoring Report

The information contained in this Monitoring Checklist/Report is for the purpose of internal quality control. The information does not represent the outcome of an audit by such agencies as HUD, DOT, DOEA, etc. Various state and federal agencies use similar terminology but often with differing definitions. Terms as used in this Checklist/Report are defined as follows:

Finding: Apparent non-compliance with a regulation, contractual requirement, or policy. (A Finding will

reference the applicable authority [Rule, contract section, policy date or section].)

Concern: Condition that, if uncorrected, may develop into a Finding.

Occurrence: Isolated incident, requiring correction, that occurred in spite of adequate quality controls.

Memorandum

TO: Marcia Andresen, Director, Social Services Division

FROM: Orrin R. Schaal, Quality Assurance Manager, Social Services

Division

DATE: June 7, 2016

RE: Monitoring of the Transit System Services Provided by the Lakeland Area

Mass Transit District

I have performed a monitoring of the Lakeland Area Mass Transit District's (LAMTD) services provided to Polk County, a political sub-division of the State on April 7, 2016. This monitoring consisted primarily of a review of the personnel management requirements associated with compliance with Florida Administration Code (F.A.C.) Rule Chapter 14-90.

Background:

LAMTD has had a long-standing relationship with Polk County, a political sub-division of the state of Florida, as a provider of transit services to the Winter Haven Area Transit (WHAT) System. The Social Services Division Quality Assurance Unit conducted regular reviews of LAMTD's operations to ensure that they were in compliance with the elements of Florida Administrative Code (F.A.C.) Rule Chapter 14-90.

Effective October 1, 2015, the County ceased providing transit services of any kind and contracted LAMTD to provide these services. This relationship was documented in an "Interlocal Agreement for Transition To A Countywide Transit System" that initially covered the period October 1, 2015 through September 30, 2016, with the possibility of two one-year extensions. This agreement spelled out all aspects of the operational responsibilities between

Monitoring of the Transit System Services Provided by the Lakeland Area Mass Transit District June 7, 2016

the two parties.

Since the County is still a Federal Transit Administration (FTA) grant recipient for up to three years, it will be necessary to monitor LAMTD's performance during that period. The monitoring that I have performed focused on the personnel management responsibilities associated with LAMTD's compliance with Florida Administrative Code (F.A.C.) Rule Chapter 14-90.

The results of my monitoring pointed out that LAMTD is properly carrying out the personnel management related functions mandated by Florida Administrative Code (F.A.C.) Rule Chapter 14-90. At the time of my review, LAMTD had 103 safety-sensitive employees on board, including 22 who had formerly worked for the County.

This monitoring report contains no discrepancies requiring corrective action.

Fiscal/Administrative Review:

There were no fiscal issues relating to this monitoring.

Program Review:

The following items are required by the Florida Administrative Code (F.A.C.) Rule Chapter 14-90:

(1) Documentation (photostatic copy) of valid driver's license for all employees who drive vehicles in accordance with Rule Chapter 14-90.004, Florida Administrative Code.

Findings:

Driving records for a sample of 16 of the 102 employees contained copies of current licenses.

Recommendations:

None.

(2) Records or documentation of driver training performed for type(s) of equipment operated in accordance with Rule Chapter 14-90.004, Florida Administrative Code.

Findings:

A sample of five drivers who had been with LAMTD before the conversion all had the required road testing documentation. The Florida Department of Transportation (FDOT) granted a waiver for this requirement to the employees with previous driving experience in the interests of facilitating the on-boarding process.

Recommendations:

None.

(3) Records of written operational and safety procedures provided to drivers prior to driving without supervision in accordance with Rule Chapter 14-90.004, Florida Administrative Code.

Findings:

All sampled LAMTD drivers had the required documentation.

Recommendations:

None.

- (4) Documentation of compliance with Rule Chapter 14-90.006, Florida Administrative Code by records of each driver's work period shall include documentation of:
 - a. Total days worked
 - b. On-duty hours
 - c. Driving hours
 - d. Time of reporting on and off duty each day

Findings:

Review of payroll records for the periods 3/20/16 through 4/02/16 indicated that drivers were complying with the twelve-hour driving limit.

(5) Records of Driver's Pre-employment Examinations in accordance with Rule Chapter 14-90.0041, Florida Administrative Code.

Findings:

All sampled LAMTD drivers had the required documentation.

Recommendations:

None.

(6) Records of Biennial Medical Examinations in accordance with Rule Chapter 14-90.0041, Florida Administrative Code.

Findings:

All sampled LAMTD drivers had the required documentation.

Recommendations:

None.

(7) Compliance with "Drug Free Work Place Act" in accordance with Rule Chapter 14-90.004, Florida Administrative Code.

Findings:

LAMTD has developed a substance abuse policy and requires employees to acknowledge receipt of it when they are hired. The organization administers a proper program for preventing drug and alcohol abuse. Its employees in safety-sensitive positions are in a pool of employees subject to random testing.

LAMTD has tested a satisfactory number of employees during the current calendar year. All sampled safety-sensitive employees were enrolled in the random testing pool.

Conclusion:

I congratulate LAMTD's staff for their dedication to ensuring that LAMTD manages its operational personnel according to applicable regulations. I also appreciate the assistance that was provided by the LAMTD staff during the monitoring.

Agency: Citrus Connection

Name of Responder: Aaron Dunn

Email Address: adunn@ridecitrus.com

Phone Number: 863-999-3431

This correspondence is in response to the Florida Department of Transportation's (FDOT) request for information from state Community Transportations Coordinators (CTC). The following is a compiled set of answers to the questions contained in FDOT's letter on 13 April 2016.

Scheduling trips in advance. What is your agency's policy for scheduling trips in advance?

What methods does your agency use to evaluate the impact of the advanced scheduling policy both, on riders and your agency?

Our Regional Mobility Call Center (RMCC) schedules 3-7 days in advance. On a casesby-case basis, trips can be scheduled with less than 3 day notice, provided substantive, verifiable circumstances exist. Additionally, clients eligible for subscription service (dialysis patience for example) can schedule service on a cyclical, reoccurring basis outside of the 3-to-7 day policy.

Minimizing scheduling further than 7 days in advance ensures sufficient availability for the organization's clientele. Simultaneously, by scheduling trips with at least 3 days advance notice, the agency is more capable of providing fast, frequent, and efficient service. The

methodology used to determine these parameters for advanced scheduling is rider feedback via our automated consumer report database, analysis of service demand, evaluation of service delivery after it has been provided, and optimization software via the Trapeze transportation suite.

On-Time Performance. What are your agency's policy's on-time performance measures for passenger pick-up and drop-off? What are the targets for each measure? What are your agency's pick-up and drop-off windows? What methods does your agency use to evaluate these performance measures?

Both for pick-up and drop-off, the organization's policy is to maintain a 90% on time performance measure. A 30 minute window is utilized; 15 minutes prior to the scheduled time and 15 minutes after the scheduled time. These measures are tracked by utilizing Mobile Data Terminals (MDT) to perform trips in each transit vehicle that is time synchronization and compared against scheduling, performance, and monitoring capabilities via the Trapeze transportation software suite.

Passenger wait times. What actions does your agency take to minimize passenger wait times, both for pick-ups and on-board travel? What methods does your agency use in evaluating actions taken to minimize passenger wait times?

In order to minimize passenger wait times for pick up and on-board wait times, the organization employs several measures. The RMCC staff schedules trips by contacting appointment providers (medical facilities for example) directly. Agencies are also contacted to verify appointment times and negotiate in order to better serve clientele. Trip times are also

negotiated with clients to increase on-time performance for all riders, while meeting individual needs.

Multi-loading trips is also practiced in order to reduce wait times. The Trapeze optimization function is utilized in order to reduce unnecessary ride times. Ride times are comparatively longer in our service area due to the size of Polk county and rural population inherently. Therefore, after trip optimization is conducted during the scheduling process, each trip is verified and screened for ways to reduce client ride time further. The organization evaluates these measures regularly through customer feedback and driver feedback. Additionally, we receive feedback from agencies (such as medical providers) regarding pick-up wait times.

Customer satisfaction. What passenger satisfaction survey ratings does your agency collect?

Where does your agency publicly post passenger satisfaction survey results? What methods does your agency use to evaluate passenger satisfaction survey results?

To determine whether or not the transportation disadvantaged services in this area of operation are meeting client needs, a formalized assessment is undertaken each year to measure the level of rider satisfaction. Citrus Connection developed a client satisfaction survey and administers the survey to existing Door-to-Door and bus pass clients on an annual basis. To encourage participation, the cover letter and survey questions are distributed in pre-addressed, postage-paid return envelopes.

Additionally, Citrus Connection maintains an on-line client satisfaction survey available to clients year-round at the following we address: https://www.surveymonkey.com/r/HPM8888. Results are reviewed cyclically and findings are evaluated to determine operational needs and

training imperatives. Subsequently, outcomes are incorporated into regular staff meetings and training functions.

The methodology utilized to analyze survey results are multi-faceted. Firstly, specific instances mentioned in survey feedback sections are verified via on board camera recordings, telephonic recoding database in the Regional Mobility Call Center, and driver interview; these instances are handled on a case-by-case basis in congruence with organizational policy and applicable TDSP governing direction. Secondly, results are categorized in order to reveal trends. For example, results related to maintenance like: vehicle operation, good working order of equipment, or equipment dependability are grouped together in order to address issues or offer congratulatory feedback to appropriate staff.

All results are compiled into categorical percentages as well. For instance, if 350 respondents out of 400 answer "Vehicles are clean" with response of "Strongly agree" or "Agree", than we determine that 87.5% of customers are "satisfied" with vehicle cleanliness. The categorized results are posted on the organization's website for public notification. The results are also reported to the agency's board of directors, which is open to the public and publically broadcasted.

Has your agency adopted and implemented each of the performance measures or policies described in questions 1-4?

The agency has adopted and implemented each of the performance measures discussed in questions 1-4. The applicable measures, practices, and policies involved are being evaluated and reformed continuously; we are always seeking ways to improve.

Respectfully,

Aaron G. Dunn (Para Transit Manager)

Current CTC Evaluation Major Areas of Performance

- is below the goal of serving at least 9%. This decline is attributed to the loss of Medicaid trips, and the transition of Decrease in the percent of TD population transported. 5.83% of all those in Polk County determined to qualify for a Transportation Disadvantaged service were served by the program in 2016 – down from 6.5% in 2015 which the CTC operations from the Polk County Board of County Commissioners to LAMTD.
- This decrease is attributed to the changes in the Medicaid program along with changes in agency **Decrease in passengers served.** Total passengers served in 2016 (13,409) decreased from 2015 (15,827). coordination agreements during the year.
- Number of total trips increased. Total reported trips were up from 392,509 to 477,313, or 21%. 0
- The number of reported fixed route trips increased. Fixed route trips were up from 200,738 to 294,268, representing a 44% increase. 0
- The number of paratransit trips decreased slightly. These trips were down by 2% from 191,771 to 183,045. The School Board did not report any trips for 2016. 0
- Expense per passenger trip decreased. Expense per passenger trip decreased from \$18.51 to \$17.25, which is
- Expense per paratransit trip increased. The expense per paratransit trip increased from \$37.87 to \$44.99.
- Expense per vehicle mile increased. The expense per vehicle mile increased from \$3.50 to \$5.52.
- Expense per driver hour increased. The expense per driver hour increased slightly from \$34.84 to \$37.93.
- Vehicle miles between road calls did not meet the set goal of 30,000 miles. The CTC reported 15,650 vehicle miles between road calls in 2016, up from the 11,028 miles reported in 2015. This continues to be a concern of the CTC Evaluation Committee and will be monitored closely as the transition of vehicle maintenance is shifted from the County to Citrus Connection in Lakeland.
- Accidents in 2016 increased slightly. 16 chargeable accidents were reported for 2016, which account for an average of 1.07 accidents per 100,000 miles. This is an increase from 2015.
- staying well below the goal of less than 2 per 1,000 paratransit trips. A total of 26 complaints were reported for 2015. Each complaint is investigated and processed internally to determine the source of the problem for a prompt **Number of complaints remains low.** The CTC received .0005 complaints per 1,000 paratransit trips in 2016resolution which resulted in no grievances being filed in the past year.

Commission for the Transportation Disadvantaged (CTD) and Local Coordinating Board (LCB) recommended staffing changes along with increased trip categories of service to address the following concerns:

- was left on the table at year end of the grant. Unmet trip requests totaled 1,208 with I,174 being due to lack of capacity issues. This area needs to be closely monitored in the upcoming year to ensure that the TD population is served adequately throughout The CTC Evaluation Committee voiced deep concern regarding the \$139,525.31 that
- services with the public, the hospitals, the dialysis centers, and manage the TD program During the evaluation process, TPO staff observed that the CTC is in dire need of a TD Coordinator; a person who can go out into the community to coordinate transportation overall. This is critical to the success of the TD program in order to identify the unmet needs in the community and implement services to transport individuals.

(although overcoming the \$139,525.31 with capital purchase gap may not be immediate, increased coordination will continue to support the coordinated system's performance reflected on the following slide)

2 Main Contributing Factors

- Loss of Medicaid trips
- 29.29% decrease in billable trips from FY2013/14 -thru- FY2015/16
- lack of strategic plan in order to replace/augment lost Medicaid trips
- Merger between Polk County Transit and Citrus Connection
- incongruence between organizations (staffing/organization/costs)
- such as: financial expenses and budgets, service levels, partnerships, contracts, Fransit and Citrus Connection in order to address, or identify, areas of concern lack of communication, planning, and evaluation on the behalf of both Polk differences in procedures, and strategic planning
- between the agencies throughout the merger process, measures necessary to the agency wasn't built to provide the same services and without cohesion meet challenges went un-addressed

Lack of evaluation and considerations of differences in costs caused major lapses for implementing a viable operating budget for the TD program

These lapses included:

- Absence of itemized expenses which included direct and indirect expenses
- Amount of subsidized services available to the county that went un-evaluated
- Differences in maintenance service costs combined with aged fleet of vehicles

These factors greatly affected the rate model process, which further impeded the creation and implementation of a viable operating budget

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #5(a)

Agenda Item: **Authorization to add a position in para transit operations**

for the Transportation Disadvantaged (TD) Program.

Presenter: Aaron Dunn, Para Transit Manager

Steve Schaible, Human Resources

Recommended

Action: Approve the position of TD Transportation Coordinator

Summary: On April 1st 2016 the Citrus Connection officially assumed the

state Commission for the Transportation Disadvantaged (CTD) appointment as the Community Transportation Coordinator

(CTC). The overall mission of Florida Transportation

Disadvantaged Program is to ensure the availability of safe, efficient, cost-effective and quality transportation services for the transportation disadvantaged population of a designated

service area.

The CTC is responsible for the TD program with the following responsibilities:

- I. Plan, administer, monitor, coordinate, arrange, and deliver coordinated Transportation Disadvantaged services originating in their designated service area
 - a) Provide transportation to disadvantaged population
 - b) Determine trip eligibility
 - c) Schedule trips
 - d) Analyze community's transportation needs and assets
 - e) Cultivate transportation resources and allocate efficiently
- II. Recommend and enforce eligibility guidelines mandated by the CTD and Local Coordinating Board (LCB).
- III. Accounting for coordinated transportation access including: reporting, agency auditing, eligibility documentation, and trip reporting

AGENDA ITEM #5(a) – CONT.

IV. Become and remain apprised of all TD resources available or planned in service area (mobility management) and provide access for 9% of the TD population

Managing the mobility resources contained within the provisions of the CTC's duties designated by the CTD were not addressed when the District assumed CTC responsibilities. To meet the requirements of the TD program a dedicated position for the CTC and the TD Program is mandatory for compliance with CTD mandated transportation access requirements. There is no financial obligation for the District since the funding for this position will be derived from the upcoming TD grant allocation (FY2017/18).

Funding:

Funds are available in the Transportation Disadvantaged (TD) FY 2017-18 Operating Budget via the FY 17/18 CTC grant.

The TD 2017/18 fiscal year is 1 July 2017, through 30 June 2018. Accordingly, this position would begin on 1 July 2017. The estimated annual salary range for this position is \$54,000-to-\$60,000 plus fringe benefits.

Job Description

Job Title: Community Transportation Coordinator

Department: Para Transit

Reports To: Director of Para Transit

FLSA Status: Exempt

SUMMARY:

This position is responsible for professional work in the area of mass transit, para transit, transportation coordination, applicant screening, needs assessment, trip reporting, promotion, and networking. Work includes, but is not limited to efforts to coordinate the region's transportation resources in order to ensure efficiency, maximize availability, and meet transportation needs and challenges for the communities in which the district serves.

ESSENTIAL JOB FUNCTIONS:

- 1. Assesses, analyze, and develop transportation resources across the service area in order to connect transportation services to community residence and participants
- 2. Coordinate transportations services between various providers and resources in order to meet the transportation needs of the communities within the service area and beyond
- 3. Assists in planning, developing and implementing community transportation delivery
- 4. Perform all necessary transportation support services including scheduling, intake, customer service, ride sharing, purchased service information, and connectivity
- 5. Upon request, provides best possible routes, transportation providers and schedules for community members; answer inquiries and provide information to customers and partners
- 6. Build, track, and perform trips via the Trapeze software suite.
- 7. Conduct transportation training for individuals and groups in order to ensure the safe, efficient usage of transportation resources across multiple providers and types
- 8. Employ marketing, public relations and communication skills to organize and conduct community outreach, transportation needs assessment, and client accession.
- 9. Conduct applicant processing, screening, intake and client maintenance in accordance with agency policy, appropriate regulations, and best practices.
- 10. Maintain an organizational client pool; work closely with outside organizers to engender their support and participation in transportation delivery and initiatives
- 11. Oversee and conduct auditing activities of para transit and fixed rout service participants, including all outside transportation partners.
- 12. Collects, analyzes and presents transit service data by producing various statistical charts and graphs and explain process and variances
- 13. Create, design, and present reports and performance information to governing entities including: boards, panels, forums, and agencies
- 14. Develops and implements strategies to attract new customers and to retain existing customers by working with the disadvantaged segments of the areas served.
- 15. Work with area organizations, groups, and businesses to increase program participation
- 16. Formulates and implements comprehensive marketing programs, complete with deadlines and goals

- in order to execute, evaluate and adjust as needed.
- 17. Conducts pass campaigns; ensures that space advertising and other marketing materials are properly presented and displayed, to include bus route maps, bus schedules, special programs, and promotions.
- 18. Seeks out possible community outreach programs; facilitates all activities in relation to same.
- 19. Provides customer service to both internal and external customers, clients, and the general public in the form of providing transit information such as services, routes, schedules, and fares
- 20. Participates in community outreach events, workshops, and presentations.

SUPERVISORY RESPONSIBILITIES: Carries out supervisory responsibilities in accordance with the District's policies and applicable law

MINIMUM JOB REQUIREMENTS:

Four-year college degree and; (3) to (5) years of directly related experience desired in transportation coordination, transportation management, community coordination, or related fields. An equivalent combination of education and experience that is determined to be directly related to the specific requirements may be substituted.

OTHER CERTIFICATES/LICENSES:

Must have valid Florida driver's license.

KNOWLEDGE, SKILLS, AND ABILITIES REQUIRED:

- Able to maintain the highest degree of confidentiality.
- Ability to speak effectively before small and large groups and respond to questions.
- Ability to maintain a high level of professionalism and poise.
- Ability to express ideas clearly, both verbally and in writing.
- Strong interpersonal skills.
- PC literate, basic skills in Microsoft Office Suite and Internet research.
- Proficiency in Trapeze transportation software
- Must be a self-starter; able to work independently.
- Ability to establish effective working relationships with co-workers, peers, various organizational, County and City employees, customers, and the general public.
- Uses sound, independent judgment in daily work activities and exercises discretion; has strong ethical standards.

WORKING ENVIRONMENT and PHYSICAL DEMANDS: The work environment and physical demands characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform these essential functions.

This job is usually performed in a normal office environment. Must be physically able to lift and carry 20-25 lbs. infrequently.

I have read,	understand and	agree to fulfill	the requirements	of the above job	description and	d have been	provided a
copy.							

Employee Signature:	Date:	
1 ,	<u></u>	

Print Name:		

The statements contained herein reflect general details as necessary to describe the essential functions of this job, the level of knowledge, skills typically required and the scope of responsibility, but should not be considered an all-inclusive listing of work requirements.

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #6(a)

Agenda Item: Transfer of Federally Funded Assets from Polk County to

LAMTD

Presenter: Tim Darby – Darby Group

Recommended

Action: Board Approval

Summary: Oral Presentation

Attachments: Transfer documents

RESOLUTION NO. 2017-04

A RESOLUTION OF THE LAKELAND AREA MASS TRANSIT DISTRICT, PROVIDING FOR ACCEPTANCE OF THE TRANSFER OF CERTAIN FEDERAL TRANSPORTATION ADMINISTRATION-FUNDED EQUIPMENT; PROVIDING AN EFFECTIVE DATE

WHEREAS, the Board of County Commissioners of Polk County, Florida (the "County") has agreed to the transition of transit operations from the County to the Lakeland Area Mass Transit District, an independent special district (the "District");

WHEREAS, pursuant to the agreement for the transition of transit operations to the District, the County has transferred certain Federal Transit Administration funded equipment to the District;

WHEREAS, the District, as an independent special taxing district created by Polk County and City of Lakeland ordinances with a taxing authority approved through voter referendum, desires to accept the transfer of the FTA-funded equipment; and

WHEREAS, the Federal Transportation Administration ("FTA") requires the District to provide a resolution memorializing and confirming the District's acceptance of FTA-funded equipment.

NOW, THEREFORE, BE IT RESOLVED BY THE DISTRICT AT ITS REGULAR MEETING ON MARCH 8, 2017:

- 1. The District accepts the transfer of the FTA-funded equipment listed on Exhibit "A" attached hereto and by reference incorporated herein.
- 2. A copy of this Resolution will be forwarded by the Clerk of the Board of County Commissioners and to the Florida Department of Transportation, along with the executed transfer documents.
 - 3. This Resolution shall become effective upon adoption by LAMTD.

ADOPTED THIS 8TH DAY OF MARCH, 2017.

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #6(b)

Agenda Item: Coordination Agreement between LAMTD and Polk

County – Transportation Disadvantaged

Presenter: Tim Darby – Darby Group

Recommended

Action: Board Approval

Summary: Oral Presentation

Attachments: Coordination Agreement

COORDINATION AGREEMENT

BETWEEN

LAKELAND AREA MASS TRANSIT DISTRICT AND

POLK COUNTY

This Agreement ("Agreement") is made and entered into between the Lakeland Area Mass Transit District, an independent special taxing district (hereinafter referred to as the "District"), and Polk County, a political subdivision of the State of Florida (hereinafter referred to as the "GRANTEE") as of the date last executed by the parties hereto below ("Effective Date").

The GRANTEE, identified below, agrees to coordinate transportation services to persons who are transportation disadvantaged¹ and who are clients of the GRANTEE and not the general public, as required by the District, which is the Community Transportation Coordinator for the County. District may sometimes be referred to hereinafter as the "COORDINATOR."

The GRANTEE will identify client transportation needs and refer those who are apropriate to the COORDINATOR.

The GRANTEE acknowledges that, if feasible, vehicles funded with federal funds shall be made available to the COORDINATOR upon execution of a rate agreement between the COORDINATOR and the GRANTEE.

The GRANTEE shall comply with all safety standards as defined by Florida Administrative Code Rule Chapter 14-90 with the exception of establishing a Drug Free Workplace program.

The GRANTEE shall maintain a minimum and will provide District proof of Certificate of Liability Insurance of \$200,000 per person and \$300,000 per incident in effect at all times.

The GRANTEE shall provide ridership and vehicle information, including estimated passenger trips and total funding available for transportation services along with other data reporting requirements as specified in the Annual Operating Report instructions from the Commission for the Transpoirtation Disadvantaged

This Agreement may be terminated by either party by providing five (5) days' written notice to the other party. This Agreement shall be for a period beginning on the Effective Date and expires on <u>December 31,2017</u>, unless terminated at an earlier date as provided above.

All notices, requests, demands and other communications which are require or may be given under this Agreement shall be in writing and shall be deemed to have been duly given when received if personally delivered; when transmitted if transmitted by telecopy, electronic telephone line facsimile transmission or other similar electronic or digital transmission method; the day after it is sent, if sent by recognized expedited delivery service; and five (5) days after it is sent, if mailed, first class mail, postage prepaid. In each case, notice shall be sent to:

GRANTEE: COORDINATOR:

Polk County Lakeland Area Mass Transit District

Attn.: Health and Human Services Division

Name: Marcia Andresen	Name: Tom Phillips
Title: Director	Title: Executive Director
Address: 1290 Golfview	Address: 1212 George Jenkins
Bartow, FL. 33830	Lakeland Fl. 33815

This Agreement is subject to the terms and conditions contained in any other agreement between the District, GRANTEE, and any other governmental authority. Nothing in such agreements prohibits or limits the ability of any of the parties to this Agreement to deliver the various benefits specifically described herein. In the event of a conflict between the terms of this Agreement any provision of the above-referenced agreement, the terms of this Agreement shall prevail.

This Agreement is subject to all federal, state, and local laws, rules, and regulations with which the District and GRANTEE are obligated to comply. Nothing in such laws, rules or regulations prohibits or limits the ability of any of the parties to this agreement to deliver the various benefits specifically described herein.

In the performance of this Agreement, the District will be acting in the capacity of independent contractors, and not as an agent, employee, partner, joint venture, or associate of County. The District shall be solely responsible for the means, methods, techniques, sequences, and procedures utilized by the District in the full performance of this Agreement. Neither the District nor any of the employees, officers, agents or any other individual directed to act on behalf of the District for any act related to this Agreement, shall represent, act, purport to act, or be deemed to be the agent, representative, employee or servant of County.

This Agreement shall be construed in accordance with the laws of the State of Florida and venue of any legal proceedings shall be in Polk County, Florida, if the action is commenced in state court. If any action is commenced in federal court, then venue shall be in the United States District Court for the Middle District of Florida, Tampa Division.

Nothing contained herein shall operate or be construed as a waiver of the County's or the District's limit of liability as set forth in §768.28 of the Florida Statutes regardless of whether such claims are based in tort, contract, statute, strict liability, and negligence, product liability or otherwise.

Each of the undersigned warrants and represents that he or she is authorized to execute this Agreement on behalf of the entity identified

¹ Chapter 427 Florida Statutes defines Transportation Disadvantaged as, "those persons, including children as defined in s. 411.202 F.S., who because of physical or mental disability, income status, or inability to drive due to age or disability are unable to transport themselves or to purchase transportation and have no other form of transportation available. These persons are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, or medically necessary or life-sustaining activities."

LAKELAND AREA MASS TRANSIT DISTRICT BOARD OF DIRECTORS MEETING MARCH 8, 2017 AGENDA ITEM #6(c)

Agenda Item: Lakeland Downtown Development Authority UAP

Presenter: Tim Darby – Darby Group

Recommended

Action: Board Approval

Summary: Oral Presentation

Attachments: LDDA Universal Access Program

Service Agreement -Lakeland Downtown Development Authority and Lakeland Area Mass Transit District

This Service Agreement is entered into this day of,
2017, by and among Lakeland Downtown Development Authority, an independent
special taxing district (hereinafter referred to as "LDDA"), and the Lakeland Area Mass
Transit District, an independent special taxing district (hereinafter referred to as the
"District").
WHEREAS, LDDA desires to provide participants in the EBT program the
benefit of access to public transit on Saturdays as a means of commuting to the
Downtown Farmer's Curb Market for the purchase of fresh foods; and,
WHEREAS, the District operates public transit systems which currently provide fixed route bus service to and around the Downtown Farmer's Curb Market;
NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties hereto agree as follows:
a) The term of this Agreement shall be for a period of one (1) year commencing on, 2017, through and including, 2018.
b) This Agreement shall terminate if LDDA or the District provide written notice of
intent to terminate this Agreement ("Termination Notice") to the other parties hereto,
ninety (90) days prior to termination of the service.
c) The District will allow EBT participants access to the transit system on each Saturday during the term of the agreement for each fixed route transit trip when the

participants show the appropriate EBT food card. The District, shall provide access to

this Agreement.

fixed route transit service for all current EBT participants in accordance with the terms of

d) Hours of operation of bus service are defined as the number of hours each bus

operates plus reasonable travel time each way to and from the District Operations Centers where the particular bus is based. The District does not operate on New Year's Day, Martin Luther King, Jr. Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, or Christmas Day.

- e) The rate to be charged to LDDA by the District for the transit service during the term of the Agreement will be \$500.00. LDDA shall remit payment within 30 days from receipt of invoice.
- 6. This Agreement is subject to the terms and conditions contained in any interlocal or other agreement between the District and any other governmental authority, including, without limitation, the City of Lakeland, the Polk Transit Authority, and the County of Polk, and between the County and any other governmental authority including, without limitation, the City of Lakeland, the Polk Transit Authority, and the District. Nothing in such agreements prohibits or limits the ability of any of the parties to this agreement to deliver the various benefits specifically described herein.
- g) This Agreement is subject to all federal, state, and local laws, rules, and regulations with which the District and the County are obligated to comply. Nothing in such laws, rules or regulations prohibits or limits the ability of any of the parties to this agreement to deliver the various benefits specifically described herein.
- 8. Failure of any party to comply with any provision of this Agreement shall place that party in default. Prior to terminating this Agreement, the non-defaulting party shall notify the defaulting party in writing. The notification shall make specific reference to the condition alleged to give rise to the default. The defaulting party shall then be entitled to a period of fifteen (15) days from the date notification is received in which to cure the default. If said default is not cured within the fifteen (15) day period, this Agreement may be terminated by the non-defaulting party. The failure of any party to exercise this right shall not be considered a waiver of such right in the event of any further default or non-compliance.

9. All notices, requests, demands and other communications which are required or may be given under this Agreement shall be in writing and shall be deemed to have been duly given when received if personally delivered; when transmitted if transmitted by telecopy, electronic telephone line facsimile transmission or other similar electronic or digital transmission method; the day after it is sent, if sent by recognized expedited delivery service; and five (5) days after it is sent, if mailed, first class mail, postage prepaid. In each case, notice shall be sent to:

LDDA: Lakeland Downtown Development Authority

228 S. Massachusetts Ave.

Lakeland, FL 33801

ATTN: Julie Townsend

DISTRICT: Lakeland Area Mass Transit District

1212 George Jenkins Boulevard

Lakeland, FL 33815

ATTN: Tom Phillips

10. If any covenant or provision of this Agreement is determined to be invalid, illegal or_incapable of being enforced, all other covenants and provisions of this Agreement shall, nevertheless, remain in full force and effect, and no covenant or provision shall be dependent upon any other covenant or provision unless so expressed herein.

11. This Agreement contains all the terms and conditions agreed upon by the parties and is a complete and exclusive statement of the Agreement between the parties. Any renewals-alterations, variations, modifications, amendments or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, duly signed, approved by all entities and attached to this Agreement. This Agreement supersedes all other agreements and proposals, oral or written, regarding the subject matter herein, and all such other agreements and proposals are hereby deemed void.

- 12. In the performance of this Agreement, the District will be acting in the capacity of independent contractors, and not as an agent, employee, partner, joint venture, or associate of LDDA. The District shall be solely responsible for the means, methods, techniques, sequences, and procedures utilized by the District in the full performance of this Agreement. Neither the District nor any of the employees, officers, agents or any other individual directed to act on behalf of the District for any act related to this Agreement, shall represent, act, purport to act, or be deemed to be the agent, representative, employee or servant of LDDA.
- 13. This Agreement shall be construed in accordance with the laws of the State of Florida and venue of any legal proceedings shall be in Polk County, Florida, if the action is commenced in state court. If any action is commenced in federal court, then venue shall be in the United States District Court for the Middle District of Florida, Tampa Division.
- 14. Nothing contained herein shall operate or be construed as a waiver of LDDA's or the District's limit of liability as set forth in §768.28 of the Florida Statutes regardless of whether such claims are based in tort, contract, statute, strict liability, and negligence, product liability or otherwise.
- 15. LDDA and District agree that both parties shall comply with Florida's public records law to specifically include the following:

<u>Public Records</u>. District agrees to:

- a. Keep and maintain public records required by the public agency to perform the service.
- b. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copies within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the agreement term and following completion of the contract if LDDA does not transfer the records to the public agency.

d. Upon completion of the agreement, transfer, at no cost to the public agency all public records in possession of LDDA or maintain public records required by the public agency to perform the service. If LDDA transfers all public records to the public agency upon completion of the contract, LDDA shall destroy any duplicate public records upon completion of the agreement, LDDA shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF LDDA HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO LDDA'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT MIKE MEDINA, THE CUSTODIAN OF PUBLIC RECORDS AT DISTRICT 863-327-1370, MMEDINA@RIDECITRUS.COM, 1212 GEORGE JENKINS BOULEVARD, LAKELAND, FLORIDA 33815.

16. Each of the undersigned warrants and represents that he or she is authorized to execute this Agreement on behalf of the entity identified.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed for the uses and purposes therein expressed the day and year set forth above.
